Selected Fiscal and Policy Issues - House

1. **Funding Overview.** Recommendations for the 2022-23 biennium reduce the 2020-21 base amount by \$321.2 million in General Revenue related funds, as noted in Section 2, primarily related to the removal of one-time funding items. Reduced items include:
- Decrease of \$114.5 million in General Revenue related to unexpended balances carried forward from fiscal year 2019 into the 2020-21 biennium, as well as a reduced agency base request.
  - Decrease of \$111.2 million in various General Revenue – Dedicated accounts related to unexpended balances carried forward from fiscal year 2019 into the 2020-21 biennium.
  - Decrease of \$42.5 million in General Revenue 5003 Hotel Occupancy Tax related to a reduced agency base request for tourism programs.
  - Decrease of \$3.0 million related to removal of one-time funding to support an interagency contract with the Texas Military Department.
  - Decrease of \$50.0 million in General Revenue – Dedicated Texas Enterprise Fund Account No. 5107 related to a requested one-time transfer of General Revenue or other funding source.
2. **Disaster Funding.** Recommendations include a total reduction of \$148.9 million in Economic Stabilization Funds (ESF) for Disaster Grants. In fiscal year 2019, the agency was appropriated \$100.0 million in supplemental ESF appropriations. Recommendations include an estimated UB of \$30.0 million in General Revenue for the upcoming biennium.

The agency awarded \$27.4 million in fiscal year 2020 in disaster awards. Approximately \$8.0 million in awards were made to the Texas Department of Emergency Management (TDEM) and the remaining \$19.4 million to the Texas Military Department (TMD). The agency has awarded \$88.2 million in disaster grants in fiscal year 2021, so far. According to the agency, approximately \$68.7 million remain in disaster funding for the 2020-21 biennium.

The agency expects to have a remaining balance of \$30.0 million in ESF at the end of the current biennium. These ESF appropriations will lapse if not expended by June 6, 2021. ESF would need to be appropriated in a supplemental bill to continue funding out of that method of finance. Recommendations do not include the agency’s exceptional item request for \$90.0 million in ESF appropriations for the 2022-23 biennium.

Source: Office of the Governor (as of 01/20/21)

3. **Economic Development and Tourism Goal.** Recommendations include \$322.0 million in All Funds in the 2022-23 biennium for Strategy C.1.1., Create Jobs and Promote Texas. Funding for this strategy primarily comes out of General Revenue related accounts. These include General Revenue (\$90.6 million), Hotel Occupancy Tax (\$69.5 million), the Economic Development Bank (\$10.0 million), Texas Enterprise Fund (\$100.0 million), and Governor's University Research Initiative (\$40.0) million accounts. Statutory restrictions concerning certain funds are outlined in Rider 27, Create Jobs and Promote Texas.

**Texas Military Preparedness Commission.** Recommendations include a reduction of \$50.0 million in bond proceeds for the Texas Military Revolving Loan program. The agency has authority to issue general obligation bonds for the Texas Military Revolving Loan program (Article III, Sec. 49(n) of the Texas Constitution) for loans to defense communities for economic development projects at the Texas Military Preparedness Commission. In the 2020-21 biennium, several communities have received loan funding for the program. At this point in time, the available general obligation bond authority of the Military Revolving Loan Program to provide infrastructure improvement loans to military communities anticipated to be affected by a Base Realignment and Closure (BRAC) stands at about \$202.3 million. No loans have been made by the program in the 2020-21 biennium, so far, but the agency anticipates that some bond proceeds will be used for loans in fiscal year 2021.

In the 2020-21 biennium, the agency was appropriated \$30.0 million in General Revenue within Strategy C.1.1 for Defense Economic Adjustment Assistance Grants (DEAAG) to fund infrastructure improvements and potentially prevent Texas from being negatively impacted in the event of a Base Realignment and Closure by the Department of Defense. In fiscal year 2020, \$14.1 million in grants were distributed to defense communities. Recommendations continue General Revenue funding for DEAAG at \$30.0 million.

#### **Texas Enterprise Fund**

The \$180.5 million appropriated in 2020-21 biennium for TEF included:

- \$76.0 million in unexpended balances carried forward from FY 2019 included in agency appropriations;
- \$27.2 million in additional unexpended balances above appropriated amounts carried forward from FY 2019;
- \$74.0 million in General Revenue transferred and deposited to TEF; and
- \$3.3 million in revenues, interest earnings, and clawbacks of funding from grant terminations.

According to the agency, as of December 2020, TEF has announced 9 awards totaling \$44.9 million and created an estimated 6,312 jobs in 2020. The agency indicated the remaining \$135.6 million will be awarded in FY 2021.

Over the past five biennia, the agency averaged \$50.5 million in TEF awards each biennia. Awards in FY 2020 are approximately \$44.9 million. Based on prior trends, it is estimated that expenditures are expected to increase to \$71.65 million. However, it is possible that COVID-19 might have some negative impact in FY 21 on total award amounts. Recommendations include an estimated \$100.0 million in GR-Dedicated Texas Enterprise Fund Account No. 5107 in the 2022-23 biennium from unexpended balances remaining. Recommendations do not include \$50.0 million in GR-Dedicated Texas Enterprise Fund Account No. 5107 base request funding from General Revenue or other funds appropriations transfer.

#### **Governor's University Research Initiative**

The \$45.2 million appropriated in 2020-21 biennium for GURI included:

- \$22.9 million in unexpended balances carried forward from FY 2019 included in agency appropriations;
- \$5.2 million in additional unexpended balances above appropriated amounts carried forward from FY 2019; and
- \$17.1 million in General Revenue transferred and deposited to GURI;

According to the agency, in FY 2020, GURI made one award to an institution of higher education: Texas A&M University, in the amount of \$2.0 million. Recommendations include \$40.0 million in GR-Dedicated Governor's University Research Initiative No. 5161 in the 2022-23 biennium from unexpended balances remaining and carried forward from the 2020-2021 biennium.

4. **Border Security Funding.** The Eighty-Sixth Legislature, Regular Session, 2019 appropriated \$52.5 million in General Revenue-related funds in the 2020-21 biennium for programs related to Border Security. These programs are identified by rider in the agency bill pattern as well as in Article IX, Section 17.07 which provides an informational listing of border security funds among all agencies. Recommendations include \$51.1 million in General Revenue-related funds in the 2022-23 biennium for similar programs.
- Recommendations include a removal of \$3.0 million in General Revenue funding for an interagency contract with TMD for the installation and maintenance of border cameras. The Governor's Office indicated that the requested removal of this contract is due to their understanding that the funds would be requested by TMD for their direct appropriation. However, to date, TMD has not officially requested the funds.

Allocation of Border Security Funding, by Rider	Appropriated 2020-21	Method of Finance	Recommended 2022-23	Method of Finance
<b>Rider 18. Border Security Operations.</b> Grants for border prosecution grants.	\$15,126,000	GR	\$15,126,000	GR

<b>Rider 22. Enhanced Border Security.</b> An interagency contract with TMD for the installation and maintenance of border cameras.	\$3,000,000	GR	\$0	GR
<b>Rider 23. Anti-Gang Programs.</b> Grants for anti-gang programs	\$14,200,000	GR	\$15,800,000	GR
<b>Rider 26. Grants for Technology Infrastructure.</b> Grants to local law enforcement agencies for upgrading technology infrastructure to implement incident based reporting.	\$10,000,000	GR-D 5153	\$10,000,000	GR-D 5153
<b>Total</b>	<b>\$52,526,000</b>		<b>\$51,126,000</b>	

5. **Bullet-Resistant Vests Program.** Recommendations include \$10.0 million in General Revenue, of which \$1.7 million is the result of an MOF swap with ESF in the agency's base to fulfill what the agency states is the remaining need for grants to law enforcement agencies seeking assistance for the purchase of rifle-resistant body armor. In the 2020-21 biennium, \$5.0 million in ESF was appropriated to fund grants to local law enforcement agencies and/or the Department of Public Safety for the purchase of bullet-resistant personal body armor compliant with the National Institute (NIJ) standard for rifle protection.
6. **Body-worn Camera Program.** Recommendations include the addition of a new rider reallocating \$15.0 million in General Revenue in fiscal year 2022 to provide grants to local law enforcement agencies for the establishment of a body-worn camera program pursuant to Subchapter N, Chapter 1701, Occupations Code. This program last received appropriations during the 84<sup>th</sup> Legislative Session.

Rider Highlights - House**

**Modification of Existing Riders**

2. **Disaster and Deficiency Grants.** Recommendations revise estimated unexpended balances to be carried forward from the 2020-21 biennium to the 2022-23 biennium for Strategy A.1.2, Agency Grant Assistance (\$1.3 million).
6. **Reporting Requirements: Public Safety Office.** Recommendations update the division name from “Criminal Justice Division” to “Public Safety Office.”
10. **Texas Military Value Revolving Loan Program.** Recommendations include changes in General Revenue amounts from \$3.0 million to \$6.3 million in fiscal year 2022 and \$4.3 million to \$6.2 million in fiscal year 2023 to pay general obligation bond debt service.
11. **Appropriation of Unexpended Balances, Revenues, and Interest Earnings.** Recommendations include a change in estimated General Revenue UB to \$59.4 million with strategy allocations included in the rider. Recommendations also include the deletion of language related to estimated revenue and interest earnings.
12. **Drug Court Grants.** Recommendations include a name change of program from “Drug Court” to “Specialty Court.” Recommendations also include changes in General Revenue – Dedicated Specialty Court Account No. 5184 amounts from \$2.0 million to \$2.2 million in each fiscal year of the biennium.
20. **Grants for Local Border Security.** Recommendations include the addition of a reporting requirement concerning awarded grant amounts.
22. **Anti-Gang Programs.** Recommendations include a change in appropriated amount for each fiscal year of the biennium from \$7.1 million to \$7.9 million.
23. **Child Sex Trafficking Team.** Recommendations include changes in General Revenue appropriated amounts from \$0.6 million to \$1.8 million for each fiscal year of the biennium. Recommendations also include the deletion of language relating to the allotment of \$1.3 million in GR appropriations for grants.
27. **Create Jobs and Promote Texas.** Recommendations include a change of All Funds appropriations for Strategy C.1.1. Create Jobs and Promote Texas from \$534.2 million to \$322.0 million. Recommendations also include the modification of language in subsection (b) to include the Texas Film Commission and the Texas Music Office. Additionally, recommendations include the deletion of subsection (f) to account for the removal of bond proceeds appropriations for the Military Revolving Loan Program. Recommendations also include adding language requiring the agency to provide quarterly reports for grants awarded through the Texas Enterprise Fund.
33. **Commercially Sexually Exploited Persons Programs.** Recommendations include modification of language in the rider to reflect statute.
34. **Sexual Assault Survivor’s Task Force.** Recommendations include the modification of language resulting from the passage of HB1590 during the 86<sup>th</sup> Legislative Session.

**New Riders**

35. **Body-worn Camera Program.** Recommendations include adding a rider that designates General Revenue appropriations of \$15.0 million in Strategy B.1.1. Criminal Justice towards grants for law enforcement agencies to aid in the acquisition of body-worn cameras.

**Deleted Riders**

22. **Enhanced Border Security.** Recommendations include deleting this rider as it is requested that funding will be appropriated directly to TMD in the 2022-23 biennium.
34. **Grants for County Jail Medication assisted Treatment for Opioid and Alcohol Dependence.** Recommendations include deleting this rider due to low grant program usage.
36. **Transfer to Facilities Commission for Capitol Complex Multipurpose Transit Shelter.** Recommendations include deleting this rider due to the specified transfer not being continued in the 2022-23 biennium.
37. **Transfer to Texas A&M Engineering Experiment Station (TEES) for Army Futures Command.** Recommendations include deleting this rider due to the specified transfer not being continued in the 2022-23 biennium.
39. **Contingency for SB 340.** Recommendations include deleting this rider as the grant program for opioid antagonists is not expected to continue into the 2022-23 biennium.
